## Statement of Continued Support from the COO

I am pleased to confirm that Multiple Development Services Limited supports the Ten Principles of the United Nations Global Compact (UNGC) on human rights, labour, environment and anti-corruption.

With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles.

We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy.

**Funso Akande**  
*Chief Operating Officer (COO)*

## **BRIEF PROFILE**

**MULTIPLE DEVELOPMENT SERVICES (MDS)** was incorporated in year 2003 as a wholly-owned indigenous firm, with cutting edge training experiences to aid responsible corporate organizations to creatively seek ways to create and maintain a productive and sustainable workforce. Our focus is helping private, public, and non-governmental clients to improve their health, safety and environmental performance, operational effectiveness and competitiveness, as well as reducing social risk through international certifications and bespoke learning products.

We are well positioned to take up highly technical and professional training, capacity building and knowledge management sessions with enviable satisfaction from our past delegates.

**Meanwhile, we are glad to let you know that MDS is a member of the United Nations Global Compact Corporate Responsibility Initiative (the world's largest) with over 8,000 business and non-business participants in 135 countries.**

### **MDS has certification & Professional membership of:**

- A preferred Consultant on training services to Lagos State Government
- Nigerian Institute for Training and Development (NITAD)
- Centre for Management Development (CMD)
- National Examination Board in Occupational Safety & Health (NEBOSH)
- MDS is duly registered and certified with the relevant regulatory health, safety and environmental agencies in Nigeria.

### **Our strategic partners include:**

Aspects International Leicester UK, UNILAG Consult, University of Ibadan, CARDINUS, Natural Eco Capital, iiRSM

## **OUR SERVICES**

The need to establish or enhance the ability to identifying and addressing Health, Safety and Environmental (HSE), Management, Administrative and leadership responsibilities has become a vital part of business, more than ever before.

To this end, MDS provides training and support services that develop and expand our client's HSE knowledge base, adds greater understanding and ability at the managerial and support level to reduce environmental incidents, increase stronger due diligence and improve cost savings and productivity.

In addition to the trainings, MDS provides technical support on particular topics to address unique problems or organizational needs.

## **OUR TRAINING PROGRAM**

Our training programs are varied but generally fall under the following classifications, and could be tailored to meet the needs of individual clients:

- *Environmental Awareness and Management,*
- *Industrial Health and Safety,*
- *Emergency Response Planning and Preparedness,*
- *Hazardous Work Operation,*
- *Bioremediation Technology,*
- *Productivity Enhancement,*
- *Management and Leadership training, etc.*

## **ORGANISATION OF OUR TRAINING**

- *Open Monthly Programmes*
- *Customized (In-Plant) Programmes*
- *Seminar/Workshop*

**Contact us for our periodic international certifications such as NEBOSH, IEMA & IOSH Programmes**

## **OUR RESOURCE PERSONNEL / FACILITATORS**

*Our team has extensive and diverse experience working in the forefront of Health, Safety and Environmental management, Administrative & Management fields. MDS has qualified in-house professionals. Also, we maintain close professional links with other experts who are senior project managers and technical specialists, whether in the regulatory agencies, academics or field of practice.*
